

**E.L. HAYNES PUBLIC CHARTER SCHOOL
LOCAL WELLNESS POLICY
SY 2017 – 2020**

This Local Wellness Policy (LWP) outlines E.L. Haynes Public Charter School’s approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. This policy applies to all students, staff and schools at E.L. Haynes Public Charter School (ELH). Specific measurable goals and outcomes are identified within each section below.

LOCAL WELLNESS COMMITTEE

Committee Role and Membership

ELH will establish a Local Wellness Committee that meets at least two times per year to develop goals for and oversee implementation of school health and safety policies/programs, including periodic reviews and updates of this LWP.

The Local Wellness Committee will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (e.g., school nutrition director); physical education teachers; health education teachers; school health professionals (e.g., health education teachers, school health services staff (e.g., nurses, physicians, dentists, health educators, and other allied health personnel who provide school health services), and mental health and social services staff (e.g., school social workers, school counselors, psychologists, or psychiatrists); school administrators (e.g., chief academic officer, principal, assistant principal); school board members; health professionals (e.g., dietitians, doctors, nurses, dentists); and the general public. When possible, membership will also include Supplemental Nutrition Assistance Program Education coordinators (SNAP-Ed).

Leadership

Each school will designate a school wellness policy coordinator, who will ensure compliance with the policy.

Name	Title / Relationship to School or District	Email address	Role on Committee
Adriana Salcedo	Director of Student Wellness	asalcedo@elhaynes.org	Designated official for oversight - Georgia Campus Committee Chair
Kristin Yochum	Director of Operations	kyochum@elhaynes.org	Designated official for oversight - Kansas Campus
Emily Hueber Stoetzer Zenada Mahon Brittany Wagner Friel	School Principals	ehueber@elhaynes.org zmahon@elhaynes.org bwagnerfriel@elhaynes.org	Assists in the evaluation of the wellness policy implementation
Carolyn Frezzell Elsi Cruz Sebastien Durand	Operations Managers	cfrezzell@elhaynes.org ecruz@elhaynes.org sdurand@elhaynes.org	Assists in the implementation of the wellness policy

WELLNESS POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

Implementation Plan

All E.L. Haynes PCS campuses will develop and maintain an implementation plan for implementing this LWP. This plan will delineate the roles, responsibilities, actions and timelines specific to each campus; and include information about who will be responsible to making what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

E.L. Haynes PCS will use a variety of tools (see list below) to complete school-level assessments of implementation of this plan; based on the results; E.L. Haynes PCS will create an action plan, implement the plan, and generate an annual report. E.L. Haynes PCS will retain records to

document compliance with the requirements of this LWP at the E.L. Haynes PCS's main office and with the Office of the State Superintendent of Education.

Documentation maintained in these locations will include but is not be limited to:

- this written LWP;
- documentation demonstrating that the policy has been made available to the public;
- documentation of efforts to review and update the LWP; including an indication of who is involved in the update and methods the LEA uses to make stakeholders aware of their ability to participate on the Local Wellness Committee;
- documentation to demonstrate compliance with the annual public notification requirements;
- the most recent assessment on the implementation of the LWP; and
- assessment documents will be made available to the public.

E.L. Haynes PCS will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy and implementation status. The school will make this information available via the school website www.elhaynes.org and through E.L. Haynes PCS-wide communications. This will include a summary of the E.L. Haynes PCS's events or activities related to wellness policy implementation. Annually, the E.L. Haynes PCS also will publicize the name and contact information of the school officials leading and coordinating the Local Wellness Committee, as well as information on how the public can get involved with the Committee.

Triennial Progress Assessments

At least once every three years, E.L. Haynes PCS will conduct a Triennial Progress Assessment and develop a report that reviews E.L. Haynes PCS's compliance with this LWP. This assessment and report will include a full description of the progress made in attaining the goals of E.L. Haynes PCS's LWP.

The positions/persons responsible for managing the triennial assessment and report is:

- Director of Student Wellness; Director of Operations; School Principals.

The above referenced individual will monitor E.L. Haynes PCS's compliance with this LWP and develop the triennial progress reports by utilizing, among other tools, the annual LEA self-

evaluations described in the above section. E.L. Haynes PCS schools will actively notify households/families of the availability of the triennial progress report.

Establishing a Plan to Measure the Impact and Implementation of the Local Wellness Policy

E.L. Haynes PCS will evaluate compliance and effectiveness of this LWP using existing data collection tools, such as, but not limited to:

- Alliance for a Healthier Generation School Health Index;
- OSSE Health and Physical Education student assessments;
- DC Healthy Schools Act School Health Profiles;
- Centers for Disease Control and Prevention School Health Profiles;
- USDA triennial administrative review.

Revisions and Updating the Local Wellness Policy

This LWP will be assessed and updated at least every three years, following the triennial assessment discussed above. The Local Wellness Committee will update or modify this LWP based on the results of E.L. Haynes PCS's annual self-assessment, the USDA triennial administrative review, and on other variables, including if/when E.L. Haynes PCS's health priorities change; the community's health needs change; the wellness goals are met; new health science arises, new technology emerges; and new federal or state guidance/standards are issued.

Community Involvement, Outreach and Communications

All E.L. Haynes PCS schools are committed to being responsive to community input, which begins with awareness of the LWP. All E.L. Haynes PCS schools will actively communicate ways in which representatives of the Local Wellness Committee and others can participate in the development, implementation and periodic review and update of the LWP through a variety of means appropriate for E.L. Haynes PCS. All E.L. Haynes PCS schools also will inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. All E.L. Haynes PCS schools will actively notify the public about the content of or any updates to this LWP annually, at a minimum. All E.L. Haynes PCS schools will also use these mechanisms to inform the community about the availability of the annual and triennial reports. Additionally, E.L. Haynes PCS will disseminate this LWP to parents

through posting it in the school office, on the school website, and through any parent-teacher organizations.

NUTRITION

All E.L. Haynes PCS schools are committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, lean protein and fat-free or low-fat dairy, that are moderate in sodium, low in saturated fat, have zero grams trans-fat per serving (nutrition label or manufacturer's specification), and to meeting the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of students, help mitigate childhood obesity, model healthy eating habits to support the development of lifelong healthy eating patterns, and support healthy choices while accommodating cultural food preferences and special dietary needs.

E.L. Haynes PCS is committed to offering school meals through the National School Lunch Program (NSLP), School Breakfast Program (SBP), and other supplemental programs, that:

- are accessible to all students;
- are appealing and attractive to students;
- are served in clean and pleasant settings;
- meet or exceed current nutrition requirements established by local and federal statutes and regulations;
- ensure all qualified students will become eligible for free lunch;
- schools will provide at least 30 minutes for students to eat lunch and sufficient time during the lunch period for every student to pass through the service line;
- schools will operate a Universal "Free for All" School Breakfast Program in the cafeteria; and
- promote healthy food and beverage choices by using Smarter Lunchroom techniques, such as the following:
 - whole fruit options offered in attractive, accessible settings;
 - sliced or cut fruit offered, especially for age-appropriate students;
 - alternative entrée options (e.g., salad bar, vegetarian options, etc.) are highlighted on posters or signs within all service and dining areas;
 - student surveys and taste testing opportunities are used to inform menu development, dining space decor and promotional ideas;
 - placing white milk at the front of the coolers; and

E.L. Haynes PCS will strive to implement the following Farm to School activities:

- host a school garden at both campuses
- sends students to field trip to local farms

Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the USDA Professional Standards for Child Nutrition Professionals.

Water

To promote hydration, free, portable drinking water will be available to all students throughout the school day and throughout every school campus. E.L. Haynes PCS will make drinking water available where school meals are served during meal times. Students will be allowed to bring and carry (approved) water bottles filled with only water with them throughout the day.

Competitive Foods and Beverages

E.L. Haynes PCS is committed to ensuring that all foods and beverages available to students on the school campus during the school day support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools, is available at each campus’ front office.

E.L. Haynes PCS guide to healthy food choices available to staff and families is listed here: <http://my.elhaynes.org/intranet/healthy-food-choices>

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day will meet or exceed the USDA Smart Snacks nutrition standards and the DC Healthy Schools Act 2010.

Rewards

E.L. Haynes PCS schools will not use foods or beverages as rewards, incentives, or prizes for academic performance or good behavior that do not meet the nutritional requirements above.

Third-Party Vendors

E.L. Haynes PCS schools will not permit third-party vendors to sell foods or beverages of any kind to students on school property from midnight on the day school begins to 90 minutes after the school day ends, in accordance with Healthy Schools Act and USDA Smart Snacks Standards.

Fundraising

Foods and beverages that meet or exceed the USDA Smart Snacks in Schools nutrition standards may be sold through fundraisers on the school campus during the school day. E.L. Haynes PCS will make available to parents and teachers a list of healthy fundraising ideas including the following: walk-a-thons, Jump Rope for Heart, and dance-a-thons. Fundraising during and outside school hours will sell only non-food items or foods and beverages that meet or exceed the Smart Snacks nutrition standards.

Food and Beverage Marketing in Schools

E.L. Haynes PCS is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. E.L. Haynes PCS strives to teach students how to make informed choices about nutrition, health and physical activity. It is E.L. Haynes PCS's intent to protect and promote students' health by permitting advertising and marketing for only those foods and beverages that are permitted to be sold on the school campus, consistent with this LWP. Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the USDA Smart Snacks in School nutrition standards. Food and beverage marketing is defined as advertising and other promotions in schools. Food and beverage marketing often includes an oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product. This term includes, but is not limited to the following:

- Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container;
- Displays, such as on vending machine exteriors;
- Corporate brand, logo, name or trademark on school equipment, such as marquees, message boards, scoreboards or backboards (note: immediate replacement of these items are not required; however, E.L. Haynes PCS will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that is financially possible over time so that items are in compliance with the marketing policy);
- Corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, pupil assignment books or school supplies displayed, distributed, offered or sold by E.L. Haynes PCS;
- Advertisements in school publications or school mailings; and
- Free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

As E.L. Haynes PCS's school nutrition services, operations team, and athletics department reviews existing contracts and considers new contracts, equipment and product purchasing (and replacement) decisions should reflect the applicable marketing guidelines established by this LWP.

Nutrition Promotion

All E.L. Haynes PCS schools will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs. This promotion will occur through at least:

- implementing 10 or more evidence-based healthy food promotion techniques through the school meal programs using Smarter Lunchroom techniques; and
- ensuring 100 percent of foods and beverages promoted to students meet the USDA Smart Snacks nutrition standards, including snacks offered during testing and field experience.

ENSURING QUALITY NUTRITION EDUCATION, HEALTH EDUCATION AND PHYSICAL EDUCATION

E.L. Haynes PCS aims to provide age-appropriate and culturally sensitive instruction in nutrition, health and physical education that help students develop the knowledge, attitudes, and skills to enjoy healthy eating habits and a physically active lifestyle.

**Be Kind.
Work Hard.
Get Smart.**

Nutrition Education

E.L. Haynes PCS will teach, model, encourage and support healthy eating by all students. Schools will provide nutrition education and engage in nutrition promotion that:

- is designed to provide students with the knowledge and skills necessary to promote and protect their health;
- is part of not only health education classes, but also integrated into other classroom instruction through subjects such as math, science, language arts, social sciences and elective subjects;
- includes enjoyable, developmentally appropriate, culturally relevant and participatory activities, such as cooking demonstrations or lessons, promotions, taste-testing, farm visits and school gardens;
- promotes fruits, vegetables, whole-grain products, low-fat and fat-free dairy products and healthy food preparation methods;
- emphasizes caloric balance between food intake and energy expenditure (promotes physical activity/exercise);
- links with school meal programs, cafeteria nutrition promotion activities, school gardens, Farm to School programs, other school foods and nutrition-related community services;
- teaches media literacy with an emphasis on food and beverage marketing; and
- includes nutrition education training for teachers and other staff.

Essential Healthy Eating Topics in Health Education

E.L. Haynes PCS will include in the health education curriculum the following essential Health Education Standards on healthy eating:

By Grade 2:

- Explain the benefits of drinking water and making healthy beverage choices.
- Describe criteria for making healthy vs. less healthy food choices.
- Recognize a nutritious meal or snack.

By Grade 5:

- Describe the food groups including recommended portions for each.
- Identify key components of the 'Nutrition Facts' label and ingredients list.

- Compare and contrast snacks, (which can contribute to or undermine healthy eating habits) and identify why some are better than others.

By Grade 8:

- Differentiate amongst portion size, serving size, and recommended amounts of each food group using the USDA food guidance system for different age groups.
- Analyze how internal and external influences (e.g. culture, food costs, poverty, environment, peers, and family) affect food choices.
- Demonstrate the ability to apply a decision-making model to make healthy food choices at home and away from home.

By Grade 12:

- Describe dietary guidelines, food groups, nutrients, and serving sizes for healthy eating habits.
- Analyze the relationship between access to nutritious food, eating habits, and health status.
- Access sources of accurate information about safe and healthy weight management and nutrition.

Health Education

E.L. Haynes PCS is dedicated to providing formal, structured health education, consisting of planned learning experiences that provide the opportunity to acquire information and the skills students need to make quality health decisions. As such, E.L. Haynes PCS will provide students a comprehensive school health education that address a variety of topics such as alcohol and other drug use and abuse, healthy eating/nutrition, mental and emotional health, personal health and wellness, physical activity, safety and injury prevention, sexual health, tobacco use, and violence prevention. Health education curricula and instruction should address the DC Health Education Standards and incorporate the characteristics of an effective health education curriculum. E.L. Haynes PCS will provide health education that:

- is offered at least 75 minutes per week at each grade level, K-8, as part of a sequential, comprehensive, standards-based program designed to provide students with the knowledge and skills necessary to promote and protect their health;
- is incorporated into classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects;

- incorporates an age-appropriate sequential health education curriculum that is consistent with District and national standards for health education;
- incorporates active learning strategies and activities that students find enjoyable and personally relevant;
- incorporates opportunities for students to practice or rehearse the skills needed to maintain and improve their health;
- incorporates a variety of culturally-appropriate activities and examples that reflect the community's cultural diversity;
- incorporates assignments or projects that encourage students to have interactions with family members and community organizations;
- requires the health instructors to participate at least once a year in professional development in health education; and
- requires professional development for all teachers in classroom management techniques in the past two years.

Additionally, in an effort to ensure reinforcement of health messages that are relevant for students and meet community needs, E.L. Haynes PCS will base its health education program, at least in part, on the results of the Health and Physical Education Assessment and in collaboration with the community. E.L. Haynes PCS will also seek to imbed health education as part of student visits with the school nurse, through posters or public service announcements, and through conversations with family and peers.

Improving Environmental Sustainability

E.L. Haynes PCS will seek to improve its environmental sustainability and engage in sustainable agriculture practices through:

- contracting with food service vendors that utilize locally grown, locally processed and unprocessed foods from growers engaged in sustainable agriculture practices;
- school wide recycling programs; and
- Recycling program
- after school club focused on environmental issues
- School garden and beautification projects
- Tree maintenance and inventory
- Conservation projects
- Watershed education

Physical Education and Physical Activity

E.L. Haynes PCS acknowledges the positive benefits of physical activity for student health and academic achievement. It is the goal of E.L. Haynes PCS that students engage in the recommended 60 minutes per day of physical activity. Additionally, recognizing that physical education is a crucial and integral part of a child's education, we will provide opportunities to ensure that students engage in healthful levels of vigorous physical activity to promote and develop the students' physical, mental, emotional, and social well-being.

The components of E.L. Haynes PCS's physical education program shall include a variety of kinesthetic activities, including team, individual, and cooperative sports and physical activities, as well as aesthetic movement forms, such as yoga and dance.

Students shall be given opportunities for physical activity through a range of before-and/or after-school programs including, but not limited to, intramural and interscholastic athletics, cheerleading, dance, step, and yoga. E.L. Haynes PCS will ensure that:

- students in grades K-5 receive at least 270 minutes per week of physical education, and students in grades 6-8 receive at least 225 minutes per week of physical education;
- physical education teachers shall develop and implement a curriculum that connects and demonstrates the interrelationship between physical activity, good nutrition, and health;
- 50 percent of physical education class time is devoted to actual physical activity;
- suitably adapted physical activity shall be provided as part of the individualized education plan (IEP) developed for students with disabilities;
- physical education staff shall appropriately limit the amount or type of physical exercise required of students during air pollution episodes, excessively hot weather, or other inclement conditions; and
- physical activity is neither required nor withheld as punishment.

Pre-Kindergarten (Pre-K) Physical Activity Recommendations:

E.L. Haynes PCS Pre-K shall ensure that students receive 90 minutes of active play daily. These minutes shall consist of a combination of adult-led/structured active play and child-initiated/unstructured active play. E.L. Haynes PCS will seek to offer active play outdoors, weather permitting. E.L. Haynes PCS will ensure that:

- these active play minutes shall be achieved through recess, active transitions (marching, hopping, etc.), and classroom games that involve physical movement;

- recess shall be at least 60 minutes daily and scheduled in more than one block of time (e.g., three 20-minute sessions, two 30-minute sessions);
- as with physical education minutes, OSSE shall report to the mayor, DC Council, and Healthy Youth and School Commission (HYSC) annually regarding compliance with physical activity minutes for pre-K children in public and charter schools;
- these school nutrition personnel will refer to [USDA's Professional Standards for School Nutrition Standards website](#) to search for training that meets their learning needs.

STUDENT MENTAL HEALTH AND WELLNESS EDUCATION AND SUPPORT SERVICES

E.L. Haynes PCS' Student Wellness Team provides students with the supports, strategies, and tools necessary to promote perseverance, resilience, pride, and success. The Wellness Team is available to assist students in achieving their academic goals by helping students stay healthy. Our wellness services include prevention, education, and counseling support for students through individual and group counseling, classroom presentations, and student and parent programs.

Areas of Focus: Education and Support Services

- Social Skills and Positive Peer Interactions
- Organization and Study Skills
- Stress Management
- Mood Management
- Alcohol and Other Drugs
- Sexual and Reproductive Health
- Personal Safety
- Nutrition and Healthy Living
- Suicide Assessment
- Homeless Education Coordination
- Care Coordination for Expecting Students
- Referrals to Community-Based Services for medical, dental, vision, mental health, and social and legal services
